F	0														

3. Egenevaluering/Self assessment

Vurdering av undervisningsopplegget i forhold til mål og resultater (emneansvarlig)

Assessment of the teaching plan in relation to goals and results (course coordinator)

I forhold til de generelle mål i læringsutbyttebeskrivelse m.v. fungerte opplegget godt. Det var to frafall på et tidlig stadium, men god gjennomføring og karakterer som for alle kvalifiserer til masteropptak. Rapportene var teoretisk fundert, godt strukturert og levde opp til kravene. Vi fikk ikke brukt etablerte kontakter i Stavanger kommune som planlagt fordi studentinteressene gikk i noe andre retninger enn forventet. Uansett fant de fleste gode informanter.

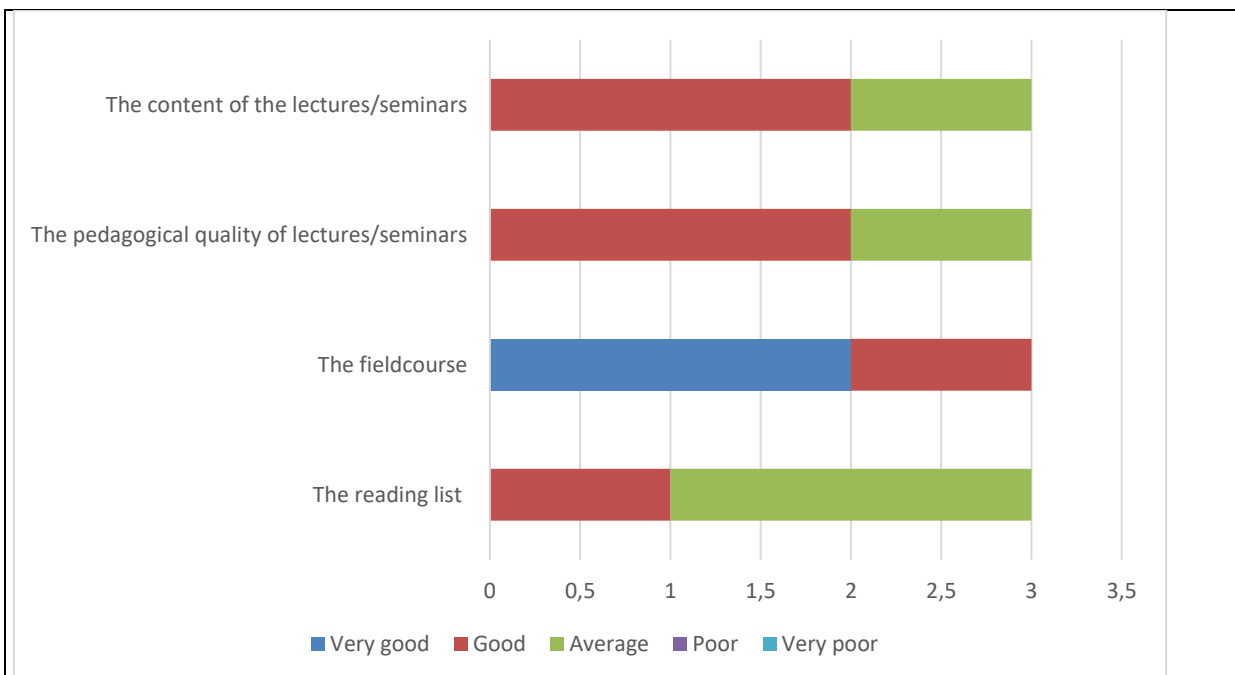

4. Results from student evaluation

3 responses

#1 I study GEO293 as part of:

- Bachelor's Programme in Geography at UiB: 1
- Exchange Programme: 2

#2 How do you assess the different parts of the learning?

#3 Do you have comments about the lectures/seminars?

Comments deleted in this version.

#4 Do you have comments about the fieldcourse?

Comments deleted in this version.

#5 Do you have comments about the reading list?

-

#6 Did you find that the course reflected the learning outcomes described in the course description? <http://www.uib.no/en/course/GEO293>

- Very good: 1
- Good: 2

#7 Did you find that the information at Mitt UiB, including announcements, was sufficient to keep you updated during the course?

- Yes: 3

#8 What is your overall evaluation of the course?

- Good: 3

#9 Do you have comments on your overall evaluation of the course?

Comments deleted in this version.

#10 Do you have suggestions on how we can improve the course?

Comments deleted in this version.

5. Oppfølging/Follow up

*Oppfølging av/kommentarer til tidligere evalueringer. Hvordan rapporten følges opp, evt. tiltak eller endringer som er gjort/planlegges gjennomført på bakgrunn av emnerapporten/ / **What adjustments to the curriculum would you recommend for the next time the course will be offered?***

Det bør innføres et seminar i elementær referanseskiving – det var noen gjengangerfeil i utførelsen av referanselistene, spesielt hva angår forskjellen mellom nettkilder og artikler/bøker.
